## **Way (Tao) of Finding a SOUL MATE**

- **WOMEN:**

love child direct from Source interest

**In popular culture, the deepest desire  
driving relationships is a quest  
to find a “soul mate”. Earning  
money or looking beautiful are  
often means to that end.**

**Should we define “soul” before  
we go hunting for its “mate”?  
“Soul” is a religious term, on loan**

to the Sex-Romance Story.

- Christianity borrowed its notion of soul (Latin anima) from Aristotle and Plato (Greek psyche).

Religious wars were later fought:

does a soul have two or three parts?

Answer wrong, your soul was killed.

Hmm... Lot of passion on soul topic.

– Material scientists and Buddhists deny the existence of a soul. Result: flat, concept-driven cosmology, no soul love. Exclude Tantric Tibet.

– Vedic Hindus believe all beings, including animals and insects, have a soul (atman).

– Many cultures believe in multiple souls.

“Soul” vs. “spirit” is a very blurry line.

Shaman “soul journeys”, ancient Egypt  
(ba & ka); most African, Native American,  
Tibetan, Inuit, trans-Pacific, aborigines,  
China, – all use multi-soul models.

– Tao alchemy uses up to 12 body spirits.

Lung “po-soul“ may re-incarnate,  
especially after violent death. Ancestor  
rites were designed to pacify them.

The soul vessel (*ling*) holds multiple  
body souls, does NOT reincarnate. *Ling*  
arrives fresh from Origin, Great Oneness.

Tao model allows complex, rich relations.

Is it 12 organ spirits who match? or does  
*ling*, inner heart / soul, choose soul mate?

This issue confronts EVERY couple:

“After our sub-personalities (=organ  
spirits) get their fill of sex, money,  
kids, career, will our two souls

move on to different destinies?”

### **Soul Mate Defined: Very Fuzzy**

**Ideas of “soul” are all over the map.**

**It makes “soul mate” even fuzzier –**

**it’s whatever you want it to mean,**

**likely a replay of your Culture Story.**

**My OED: “soul mate” first English use**

**was 1822 letter by poet Sam Coleridge.**

**Some New Agers believe a “soul twin” is**

**lurking out there. It implies souls are split**

**in half at some point. I don’t buy it.**

**My missing half is one of 8 billion souls?**

**You get better odds in Las Vegas.**

---

### **Key Cosmology Question:**

**Are Souls Pre-Sexed at Source?**

**I’ve spent decades diving deep**

**into cosmology, the Story of How**

**We Got Here. It's impossible to figure out origin of souls in higher dimensions while living on surface of our planet. The only info I trust is from Immortals, the Go-Between for humans and Origin.**

**Are Soul and Sex gender linked?**

**Hard to say. Most are distracted and confused by sexual attraction.**

**Is it mutual ego love, animal lust, or divine soul mate love?**

**My conclusion:**

**Origin does NOT generate "sexed souls". It's 100% non-dual. Gaia controls its own local gender pool.**

**Science cannot explain the fixed planetary 50-50 male-female ratio.**

**Gaia does not cut souls in half. She shapes each personal Energy Body (= soul) with gender qualities needed for Humanity's equilibrium + evolution.**

---

## **Why are YOU Seeking a Soul Mate?**

**Sex attraction drives evolution.**

**But what drives sex attraction?**

**It's NOT "survival of the fittest",  
nor neo-Darwinist "diversify genes".**

**Those are head-tripper theories,  
by scientists who, pitifully,  
never felt their own soul power,  
much less the bliss of merging  
with another soul. Darwin admitted  
Science made him feel empty.**

**It took me years to unlearn  
my Ivy League education,  
to cast a cold eye on these  
material science myths. My  
*Loving Energy Science* has much  
deeper, practical Ways to evolve.**

**After three marriages, many affairs,  
decades hacking inner alchemy**

**formulas, I figured a few things out.**

**I was assisted by immortals**

**whispering in my inner ear.**

**Cliff notes: Sexual lovers are**

**souls using bodies to heal**

**Humanity of its deepest trauma.**

---

**Our Soul Mate is Hidden Within**

**Here's the cosmology-sexology**

**story I find most credible.**

**Humans used to be androgynous.**

**We had 25% Male-Female, and**

**75% Neutral energy from Origin**

**within our personal Energy Body.**

**Neutral energy (Yuan Qi) bonds**

**and nurtures all Yin-Yang polarity,**

**in subtle and physical forms.**

**With three primal forces,**

**humans could reproduce at will.**

**We were immortal.**

**We lived in a higher dimension,**

**an astral plane where forms are soft,  
free flowing, mostly luminous.**

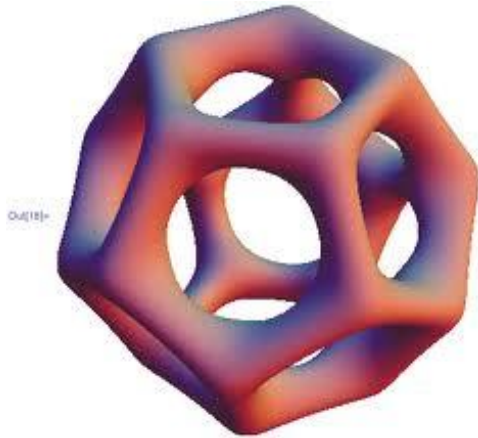

**Similar to human dream plane,  
only the dreamers are from Above.**

**They dream our bodies from the realm  
of formless Spirit, aka Over Souls.**

**Our human Soul-job is to cautiously  
explore the dense state called matter,  
on behalf of our “parent” Over Soul.**

---

**What is an Over Soul?**

*In sacred geometry, 12 Over Souls take  
shape as a dodeca-hedron, 12 pentagons.*

- **Hindu’s call it “para-atman”,**

lit. “above-the-soul”. Other religions  
call them Gods and Goddesses.

- Taoist term: “da shen”, Great Spirit,  
the collective causal realm. In the  
I Ching, Over Soul = “fates”. Their  
yin-yang patterns (64 hexagrams)  
shape all Nature, DNA and destiny.

Over Souls collectively co-create  
Heaven, Earth, and Humanity.  
One level removed from Origin,  
they received gift of Free Will,  
then pushed out of Origin’s Nest:  
“Go create & love your creation”.

12 Over Souls, aka “Mind of the Tao”,  
engineered creation (Nature).

Still evolving, not perfect,

they are the archetype of 12-ness  
embodied in Western star zodiac,

12 God/desses atop Mt. Olympus,

China’s 12 Animal earth zodiac,

12-hours on a clock, 12 jurors

who decide the fate of others.

### **Spirit – Matter Accidental Split**

**Two Over Souls explored**

**slowing their vibration down.**

**This accidentally created Matter. It**

**triggered a cosmic identity crisis.**

**Why? They got “stuck” in Matter,**

**a split, separate from other Over Souls.**

**Another experiment compounded things.**

**Astral human (Male-Female-Neutral)**

**immortal body was split into separate**

**male and female physical bodies, and**

**infused into the DNA template of a**

**lemur monkey. Almost hairless,**

**as it mostly swam in the sea.**

**The unintended consequence?**

**Our Neutral Qi, which bonds**

**Male-Female, was scattered,**

**lost in the field of physicality.**

**Astral humans went from 75% neutral  
to 1% neutral. Physical bodies were  
99% Yin-Yang polarized. Human-lemurs  
became a short-lived, mortal species,  
a.k.a. homo-sapien. Scientists will  
never find their “missing link”, it’s  
hidden in astral, Over Soul planes.**

---

### **The Sexual Fall of Humanity**

*Sistine Chapel, Michaelangelo  
depicts human – divine gap.*

**This sex-splitting disaster in myth  
is “The Fall of Humanity”.  
We fell into matter-body,  
could not easily get back to  
our immortal high astral unity.**

**We carry no blame for this Fall,  
Not caused by sin or bad karma,  
contrary to later religious judgments.**

**Lao Tzu asked: “Can you live  
without judgment?”.**

**It’s hard without high percent of  
neutral force, lost in the Fall.**

**And so we JUDGE and WAR on others.**

**Humans are the Effect, not the Cause  
of separation from Origin.**

**Human souls are tiny cell-like  
projections of vast Over Souls.**

**Suffering and slow evolution  
was prolonged by struggle between  
Over Souls. “As Above, So Below”.**

**The Fall vastly reduced our link  
to Origin’s ocean of Pure Love.**

**We intuitively know we are divine,  
part of a whole, but cannot bridge**

gap in vibration to “Return to Origin”,  
the main theme of Tao Te Ching  
 (“The Way and its Inner Power”).

**The Fall explains why it’s virtually  
impossible for a 99% polarized human  
to merge into the 100% neutral ocean  
of Origin. Oil & water, don’t mix.**

**Inner alchemy combusts our resistance,  
speeds up restoring of our of Yuan Qi.**

**A neutral Yuan Qi field surrounds us,  
feeds the infinite Yin-Yang patterns  
of Creation. Yet hard for humans to  
know Origin via lens of polarized senses.**

**If we cannot escape ego-polarity,  
How can we find our soul or its mate?**

---

**Can Sexual Love Restore Our Soul?**

**What happens when we copulate?**

**If two hearts LOVE each other,  
they merge sex polarities, thus capture  
and restore some lost neutral force.**

**Lustful (heart-less) sex just scratches  
the itch of polar-sex attraction.**

**Ultimate purpose of each human soul  
is to heal the loss of neutral force  
still keenly felt by the 12 Oversouls.**

**The infinite pathways of LOVE  
is the Way to complete our mission.**

-----

**Can I Meet My Soul Mate Online?**

**Modern singles flock to internet**

**dating sites, looking for a soul mate  
who will stabilize LOVE  
and restore them to wholeness.**

**The quest for a “soul mate” is for  
someone who will assist us to  
complete our Highest Destiny.**

**Nature is generous, it releases millions  
of spores to grow a few mushrooms.**

**Likewise, there are millions of outer  
SOUL MATES available to love us  
on our return journey to Oneness.**

**I’ve found many “outer” soul mates  
in my short lifetime.**

**-----**

**Here’s the truth:**

**if you are in a female body,  
your male soul mate essence  
is already within you.**

**It’s just in a reduced percentage,  
so easy to miss, hard to embrace.**

**Same for men seeking a female**

**soul mate. No matter your sexual preference (LGBTQ), every soul has varied ratio of male-female polarity. But all use sex polarity to quicken their Return to Oneness.**

---

### **URGENT POINT on SEX!**

**The opposite sex (or polar partner) can NOT give you their soul essence during love-making. They can only activate, by harmonic heart resonance, the suppressed or lost half of your soul. Same for men seeking a female soul mate.**

**Beyond sexual love, you can accumulate lost Neutral Force by many paths, meditations and Qi movements.**

**But spiritual progress will be slower if you don't use polar sex energy to quicken recovery of Yuan Qi, healing the sexual trauma of the Fall.**

**Healing the horizontal *Male-Female***

**soul split speeds healing of vertical**

***Spirit-Matter* split of Over Souls.**

**The main practice of inner alchemy  
is to sexually copulate male-female  
halves of our soul. Some methods  
download Neutral Qi from subtle bodies  
in higher dimensions. When Sun-Moon  
copulate, our Male-Female bond deepens.  
Step by step, climb the cosmic stairway,  
restore your Yin-Yang-Yuan Qi balanced  
immortal Energy Body.**

**The goal of internal sex coupling**

**is NOT physical immortality,**

**rather spiritual immortality –**

**creation in higher dimensions.**

**Inner alchemy can trigger astral**

**soul sex with others. In this [video](#)**

**interview I share my astral sex history.**

**Trans-humanism, including mRNA**

**GMO devices wrongly called vaccines,**

**aim to create a long-lived  
part-machine physical body.  
It's a Dark Side (False Yin) agenda  
using fear of death to scare humans  
from natural journey to Origin.**

**Death is a natural Way  
to Return to Oneness.  
Make friends with Death,  
it is your spiritual ally.**

**Body-mind (ego) is mortal,  
Soul is immortal.  
Daily live more from soul,  
You will live in peace.**

**Do Inner Smile daily to  
love your 12 organ spirits,  
unify inner male-female soul.  
Embrace coherence, drop fear  
of death, it is a "fast Way home".**

---

**You Do NOT Need a Sex Lover**

**or soul mate to Return to Origin.**

**Do NOT follow the light when dying.**

**It will disappear soon after death.**

**Listen to the Fundamental Tone,**

**high pitched ring of Cosmic Heart.**

**It's a GPS tone guiding your soul home.**

**If you don't find the "one" perfect**

**outer soul mate, don't worry.**

**No one out there is perfect.**

**A truly perfect soul mate**

**lives right inside of you.**

**Still, we all want a security**

**blanket, someone to love us**

**on our journey to soul wholeness.**

**We're here to help each other**

**evolve, share Ways to open the**

**portal to Origin within each of us.**

**Just be authentic,**

**enjoy the life-death journey.**

**If you find someone to love**

**your Highest Destiny, great.**

**If not, also great.**

**Destiny will still unfold.  
Love your inner male and**

**female soul halves internally.  
It will express outwardly as**

**a life of balance and harmony.**

---

**For Women (mostly):**

**Way of *Conscious Conception* —**

**Birthing a Soul from Source**

---

**Every soul arises from Source.**

**99.9% are from UN-conscious sex.**

**Buy a lottery ticket, then pray to win.**

**Consciously conceiving a child is the  
highest *deliberate act* of human  
creation.**

**To prepare, sperm and egg need  
to be super-charged with Qigong  
and potent herbs to hold high  
vibration of Original Qi.**

**Lovers set clear INTENT at moment  
of conception:**

**“Our child shall remember  
and embody Pure Love from Source”.**

**It gives the child a spiritual head start  
+ better health. My Inner Sage:  
“A consciously conceived child is the  
best gift to the planet...it will radiate  
a lifetime of divine love.”**

**As readers know, I have an amazing 8 yr  
old boy. Emerald was consciously  
conceived. He’s precocious, Awake, has  
Exuberant Yang Qi, beats me at chess. (sigh)**

Read his poems *Beauty of Yin and Yang*  
and [\*Love Poem to My Pink Love Dragon\*](#).

He is the spiritual teacher I called in.

Living proof conscious conception *works*.

### **Tiger Year: Time to Re-invent My Life**

Three years ago Emerald's mother  
and I amicably parted Ways.

We lovingly co-parent Emerald.

It's all good, no drama.

I learned a great lesson. She was  
a deep Soul Mate. I felt connected  
in multiple dimensions. But Souls  
can only execute a mission if their  
personalities (12 organ spirits) are  
aligned. Ancestral and karmic issues  
can lead a couple to different paths.

After our parting, my Inner Sage  
(tangible aspect of higher self,  
self-cultivated, NOT channeled)

told me:

**“A woman in your soul tribe  
will appear in three years,  
to mother a 2<sup>nd</sup> Love Child.”**

**I was very skeptical.  
Emerald was a handful,  
I felt complete as a father.  
I ignored the message**

---

## **My Lucid Dream**

**Three years later – a few months ago,  
I had a powerful dream:**

*A woman gives me a warm hug.  
I cannot see her face clearly.  
Our two hearts connect.*

*Blissful love envelops us.  
It is not sexual.*

*The feeling grew so intense,*

*our bodies cannot hold it.*

*I awaken, lucid, feeling both  
dream and physical reality.*

*Then our hearts combust.*

*My physical heart ignites,*

*totally melts down.*

*Overwhelmed. I lay*

*awake in bed, unable  
to move for five hours.*

---

**When I recover,  
I ask Inner Sage:  
– Wow! WHO was that?**

**Sage: “The woman in your soul tribe.”**

---

**I feel this dream was a push  
from above, from my Over soul.  
Not a horizontal greeting from  
a specific female human.**

**But message was clear –  
next partner will be  
deeply heart-centered.**

---

**Post dream, driven by curiosity,  
I dowse the alphabet to get**

**“Her” name . It begins with “D”.  
I dowse female D-names.  
Get YES on “Desiree”.**

**Is “Desiree” just my mind  
playing games, a word mirror**

**of my “state of Desire”?  
I don’t know. Body-minds**

**and souls live in different realms.**

**My Inner Sage is still urging me**

**to conceive a 2nd Love Child.**

**As service to the Great Tao.**

**Says this one will be a Girl.**

**Emerald wants a sister.**

**Pressure from Above and Below.**

---

**Possibly with YOU?**

**You tell me.**

**Or it won't happen.**
